

# HOW PA IS STYLES M KE MUCH HAIR FROM LITTLE

You have noticed the prevailing hair styles, which are Parisian, make it impossible to use false hair because of the simple lines which conform to the natural shape of the head. It therefore becomes necessary to make your own hair look as heavy as possible. This is not a difficult task if you are careful to keep it perfectly clean. In washing the hair it is not advisable to use a make-up, but always use a preparation made for shampooing only. You can enjoy the best that is known for about three cents a shampoo by getting a package of canthor from your druggist; dissolve a teaspoonful in a cup of hot water and your shampoo is ready. After its use the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are removed and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.

# MRS. WILLIAMS' LONG SICKNESS

Yields To Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.:—"I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sanative Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me.

"If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

# \$75,000 REWARD AFTER 28 YEARS

Unexpected Legacy to Henry A. Bolles of Uncasville—Left Him by New York Millionaire, Whose Daughter He Rescued From Drowning—Was on Regatta Day When Pennsylvania and Cornell Raced.

Henry A. Bolles of Uncasville has been substantially rewarded, after 28 years, for saving a girl from drowning in the Thames river. Mr. Bolles, who was then a boatman, rescued a little girl, who had fallen overboard from a yacht. The girl was the daughter of Mr. Trumbull of New York, who died in September 1886, an indication of his appreciation bequeathed \$75,000 to Mr. Bolles. Mr. Bolles was notified a week ago by the executors of the Trumbull estate.

Mr. Bolles remembers rescuing the girl from the water and that her father wanted to know his name at that time. The father thanked Mr. Bolles but made no promise of a reward and Mr. Bolles years ago dismissed any thought that he might have had of being compensated for the act.

Over the telephone Monday evening, Mr. Bolles confirmed the news of his good fortune, which had come to him so unexpectedly. He said he had first learned of it a week ago and had already been to New York, where he had verified the information that had

been given him, and within a year the money would be paid to him. He had not learned what business Mr. Trumbull had been in, but knew that he was a very wealthy man, leaving a big estate of railroad stocks and bonds. The legacy, Mr. Bolles said, was to be paid to him in money and not in stocks or bonds.

Regarding the rescue which he made 28 years ago, Mr. Bolles said it was so long ago that he could not remember much, but that it was on a boat race day, when Cornell and Pennsylvania were the competing crews. He was in his boat near the navy yard when the girl fell overboard and he was fortunate enough to save her. From then until now he has never heard anything more of the incident.

At the present time Mr. Bolles resides in Uncasville and is in the employ of the Norwich and New York Propeller company as agent for the Chelsea at the paper mill of the Thames River Specialties company at Montville.

At last Ruth became what is termed violently insane, and he was sent to Grand View sanitarium, Norwich, in his behalf Attorney Fitzgerald and Walsh instituted a suit for damages against the trolley company. The case is ready for trial. Now comes the trolley company with an offer to compromise for \$1,500.

Application for permission to accept has been submitted to the probate court. And now it is a matter of months ago Ruth escaped from the Norwich institution. Private detectives are on his trail, because it is feared that in his deranged state of mind Ruth may commit murder upon the slightest provocation.

Various articles of jewelry are left to some of the legatees already named, wardrobe is to be equally divided and all the solid silver ware and among the four granddaughters of Thomas Haviland. Samuel Elizabeth, wife of John Tisdale, died Sunday. She is the residuary legatee.

To the Second Congregational church is bequeathed the portrait of her late husband, Charles Spalding, painted by John D. Crocker.

Farmers Near Willimantic Responded. Postmaster Frank A. Hagarty of Hartford is sending out to the postmasters of the county and to the farmers in the vicinity another copy of the government bulletin on Farmer to Consumer plan of assailing the cost of living. Mr. Hagarty cannot understand why the farmers do not take advantage of the parcel post to send their produce directly to the city people now what the opportunity of.

The first notices were sent out over a month ago and except from farmers in the neighborhood of Willimantic there were no responses. The scheme is to have the farmers tell what they have to sell and the prices. The list will be posted at the postoffice and its purpose is to get the producer and consumer into trading relation without the intervention of a middleman.

In many cities of this country the plan is working splendidly and prices have been lowered but in Hartford it does not seem to find favor with the farmers.

Lived in Windham and Scotland. Now has been received in Hartford of the birth of a daughter, Lois Barstow, to Mr. and Mrs. LeRoy Leedy, of Salem, Ore., on Monday. She attended the East Hartford High school and later Windham High school and Willimantic Normal school. She taught for several terms and was connected with the Springfield Union on the editorial staff. She was for one term an instructor at the Business college in Hartford.

Help the Stomach Digest Your Food

When the stomach fails to digest and distribute that which is eaten, the body will become clogged with a mass of waste and refuse that ferments and generates poisons that are gradually forced into the blood, causing distress and often serious illness.

Most people naturally object to the drastic cathartic purgative agents that shock the system. A mild, gentle laxative, positive in its effect and that does not grip or cramp, but acts easily and pleasantly, and is therefore the most satisfactory remedy for children, women and elderly persons. For a free trial bottle write to Dr. W. B. Caldwell, 451 Washington St., Monticello, Ill.

Keeps Out of Reach of Police. Shot Deer in Maine. After an absence of two weeks in the Maine woods on a deer hunt, Major H. A. Hull, Judge J. W. Comstock, Kenneth Wynne, private secretary to Governor Baldwin, A. A. Buzzell and C. E. Thompson of Lyme, and Earl W. Mathewson, city clerk, have returned home. The party hunted in what is known as Square Town. Deer were plentiful but very wild and the party shot but two.

The first Thanksgiving was in 1621, or 283 years ago, but the day was given special significance when in 1863, President Lincoln, by proclamation, appointed the fourth Thursday in November, a custom which other presidents have since followed.

# LOOKING FOR MAN NAMED GOTTFRIED RUTH

New Haven Probate Court Wants Him—Escaped from Sanitarium Here.

Where is Gottfried Ruth, alias Reed? This question is being asked by lawyers, detectives, physicians and others, says the New Haven Times-Union.

Ruth, or Reed, as he likes to call himself, came into the hospital three years ago by reason of his eccentric moods. Two years ago he was injured when an ice cream wagon he was driving was struck by a trolley. A number of sessions were held in the probate court, and finally a conservator was appointed.

Ruth didn't like this legal move, and he showed his dislike by refusing to tell the probate court anything about his financial affairs. It was learned that from his \$12 per week salary Ruth had saved every cent possible. A search finally revealed nearly ten thousand dollars in New Haven savings banks.

At last Ruth became what is termed violently insane, and he was sent to Grand View sanitarium, Norwich, in his behalf Attorney Fitzgerald and Walsh instituted a suit for damages against the trolley company. The case is ready for trial. Now comes the trolley company with an offer to compromise for \$1,500.

In New London Harbor—Was Fired from Submarine in Maneuvers.

The MacDonough was acting as tender for the submarine which was running submerged.
